

Kale Variety Trial 2016

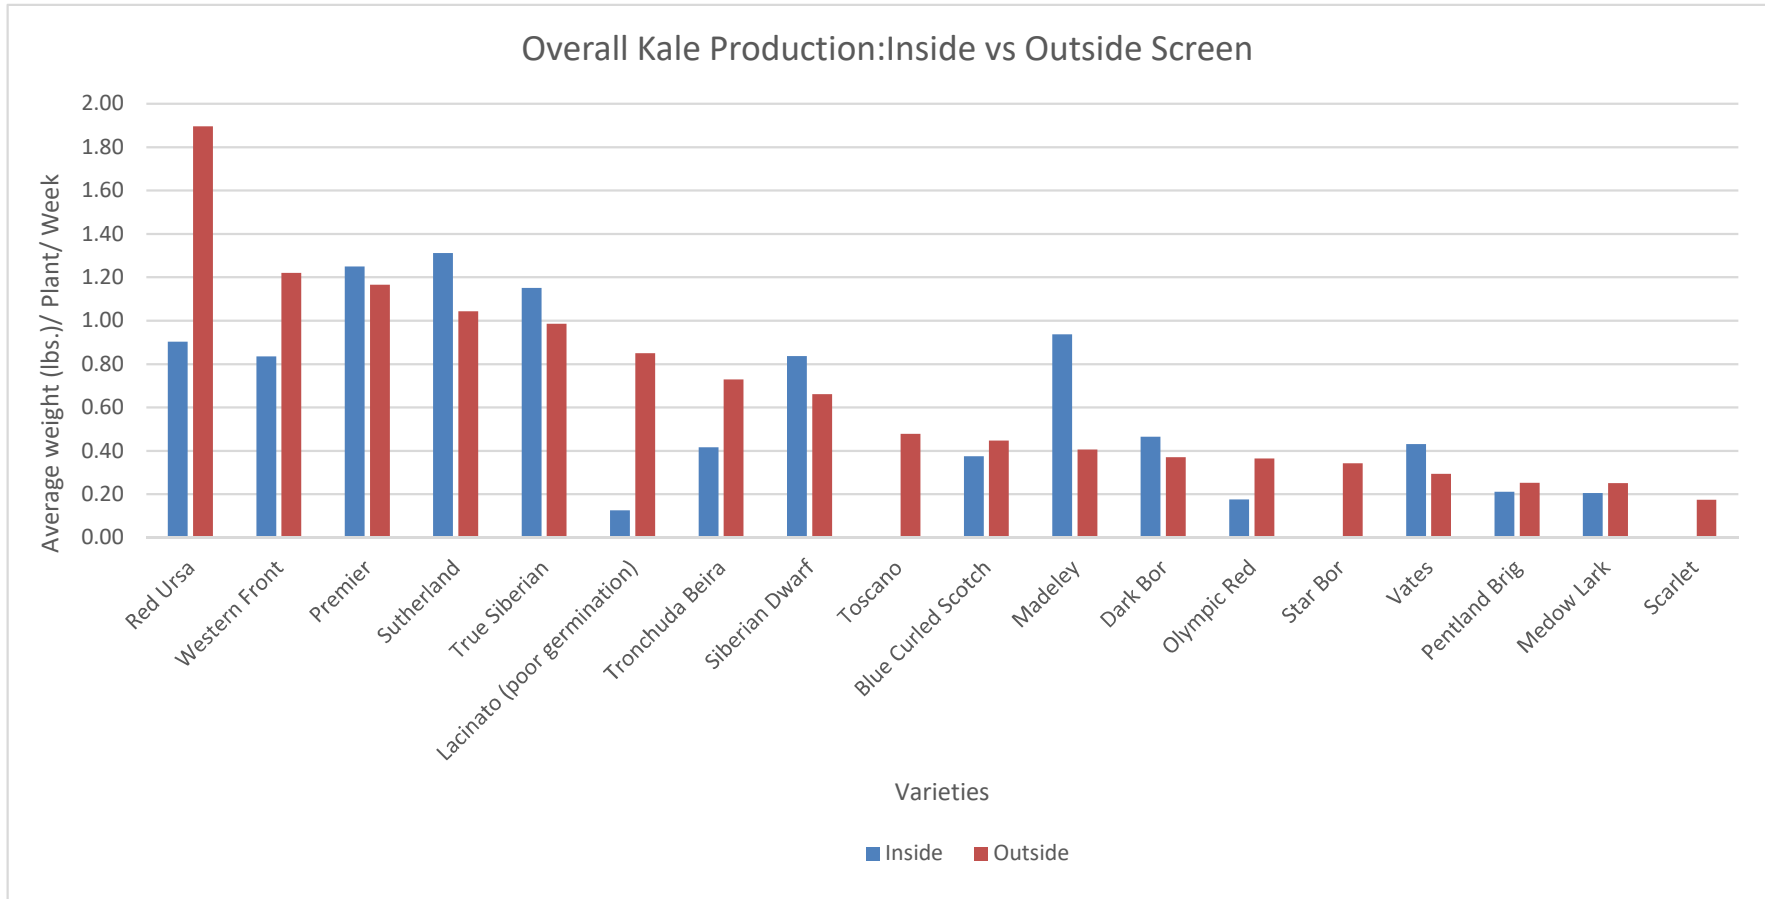

2016 Kale Variety Trial: Inside Screen House: May 18-31, 2016

2016 Kale Variety Trial: Outside Screen House: May 18-31, 2016

NOTES:

Harvest on 5/18, 5/25, and June 1.

Severely pruned and sprayed for aphids, worms and thrips on June 3, 2016

Postpone harvest until July 6, 2016

Heavy pest pressure, for screen house pest assessment. Lots of white flies, aphids and stickiness on the leaves

Treated with Crymax, Wetcit and Pyrenone prior to initial harvest and data collection

No crop protection applications during data collection period.
