

June 1, 2023

Aloha, all.

It's been a long several years since our last Seminar held in 2019 and we're looking forward to seeing everyone again.

Hope everyone's having a great year so far and wishing continued good health and success for the rest of 2023.

**We'd like to cordially invite you and your employees to attend our Nutrien Ag Solutions 2023 Educational Seminar on Thursay, July 20th to be held at the Hilo Hawaiian Hotel, Moku'ola Rooms 1 & 2.**

We'll be having a full day of presentations from speakers with various areas of expertise addressing adjuvants, soil fertility, plant diseases, insects (beneficial and harmful), "biopesticides" and new chemistries and technologies, plant nutrition, water quality and other topics.

We'll also have in attendance representatives from various Vendors/Manufacturers/Researchers that will have a display table set up from 7:00 a.m. and be available to answer any questions that you may have prior to the start of the seminar and throughout the day.

We also would like to invite you to hang around and join us at our **pupu hour/ talk story session after the seminar** for those of you who want to "unwind" and relax with the speakers, vendors, researchers, and other growers.

**Please see the following page for HDOA Recert CEU's and Categories approved...**

**For those of you who will be attending from "off island", attached is a hotel registration form from the newly renovated Hilo Hawaiian Hotel with very attractive rates.**

**If you have any questions, please contact Ken Ogawa at 808-960-3802 or Aaron Pruett at 808-209-6350 or E-mail at [ken.ogawa@nutrien.com](mailto:ken.ogawa@nutrien.com) or [aaron.pruett@nutrien.com](mailto:aaron.pruett@nutrien.com).**

**With all of your support**, we are positive that this will be another successful event that we can build upon during the coming years...

Please see the following for registration and hotel information...
